Dear friends, we are launching a series of webinars to simply and easily tell you what analytics is. The speakers are young professionals from Central Asian countries and participants of the CABAR.asia School of Analytics.

**Webinar on the topic - “How to conduct research: from idea to implementation”**

The first webinar will be held **on April 7, 2020** and will be devoted to the topic of how to conduct research. You will learn:

- How to read and understand any research.
- Why qualitative research is done.
- How to prepare a methodology for such a study.
- How to create questionnaires, conduct focus groups and interviews.

You can discuss these and other issues with Anna Zubenko, a researcher from Kyrgyzstan, a specialist in public safety and crime prevention.

Beginning **at 20-00** (GMT +6; time in Bishkek, Nur-Sultan). Follow this [link to register](#)

The graphic is a promotional poster for a webinar. It features a woman, Anna Zubenko, speaking into a microphone. The background is a gradient of orange and blue. Text elements include the CABAR logo in the top right, the title 'ВЕБИНАР' (Webinar) in large white letters, the topic 'КАК ПРОВЕСТИ ИССЛЕДОВАНИЕ: от идеи до реализации' (How to Conduct Research: From Idea to Implementation) in a blue rounded rectangle, the date and time '7 АПРЕЛЯ 20:00 (GMT+6)' in another blue rounded rectangle, and the speaker's name 'АННА ЗУБЕНКО' in an orange rounded rectangle. Below the name is her title: 'специалист по общественной безопасности и профилактике правонарушений (Бишкек)'. At the bottom, there is a video player interface with a play button, a progress bar, and a volume icon.

### **Webinar on the topic: “Analytics: a filter of information flows”**

The speaker is Yuri Sarukhanyan, a specialist in the field of international relations from Uzbekistan. He has experience working in analytical centers and representative offices of international organizations in Uzbekistan, leads the analytical telegram channel “ [Penalty Series](#) (Серия Пенальти)”.

Yuri Sarukhanyan is a graduate of the Faculty of International Relations at the University of World Economy and Diplomacy (Uzbekistan), as well as Master’s programs at the University of Strasbourg and Jean Monnet University (France).

The webinar will be devoted to the main element of analytics – information. Yuri will tell how the development of analytical thinking helps to navigate in a variety of information, to resist manipulations and to form own point of view on various events.

**Date:** April 8 at 20-00 (GMT +6; time in Bishkek; at 19:00 in Tashkent).

The graphic features a blue and orange color scheme. At the top left, the word 'ВЕБИНАР' is written in large white letters. Below it, a dark blue rounded rectangle contains the title 'СИСТЕМНОЕ МЫШЛЕНИЕ НА РАБОТЕ И В ЖИЗНИ' in white. On the right, the CABAR logo is displayed. In the center, a video player interface shows a portrait of Aziz Timurov. To the right of the portrait, an orange box contains the date and time '14 АПРЕЛЯ 20:00 (GMT+6)'. To the left of the portrait, a dark blue box contains the name 'АЗИЗ ТИМУРОВ' in orange, with his title 'аналитик, руководитель «Центра свободного рынка Таджикистана»' in white below it. At the bottom of the video player, there are standard playback controls like play/pause, progress, and volume.

**Webinar on the topic:** “All about forms of analytics: What? Where? When?”

**Speaker:** Naila Almukhamedova (Kazakhstan), researcher and Master of Economics. She worked in the department of socio-economic research of the KISI (Kazakhstan Institute for Strategic Studies) under the President of the Republic of Kazakhstan, as well as a leading expert, general director of the Parasat Institute for System Research.

From the webinar you will learn about the main forms of analytical materials and what you need to consider when preparing them, for whom the analyst is preparing and how to profitably submit your analytical product.

**Date:** April 15 at 20-00 (GMT +6; time in Bishkek; at 19:00 in Tashkent).
